Good Deeds

Mission for Area People recently received 722 nonperishable items to stock their food pantry for their clients thanks to the efforts of 140 students and 20 faculty and staff members in March at Ross Medical Education Center in Roosevelt Park, according to a news release.

MAP, a nonprofit service organization, has served the local area for more than 45 years, including the provision of a "healthy-food choice" pantry that serves nearly 300 families per month, according to MAP's website.
